HOUSEKEEPING STANDARDS

The following HOUSEKEEPING STANDARDS are being offered as a means of helping you get the most out of your home and its equipment. Please note that your lease agreement required that you maintain your unit in a decent, safe, and sanitary condition. By following the guidelines we've listed below, you will be within the housekeeping obligations of the lease agreement.

1. Thoroughly clean your cooking range, inside and out, as often as necessary to keep it free of debris and spoiled food. Use the method recommended in the range manual.
2. Clean your refrigerator as needed to keep it free of debris and spoiled food. Follow the instructions of the refrigerators manual. Your refrigerator is a frost free model.
3. Clean windows periodically as needed to keep them free from dirt, cobwebs, and streaks.
4. Thoroughly clean and sanitize the kitchen sink, bathroom sinks, tubs and toilets, and remove hard water stains. Do not use abrasive cleaners or scratch pads on fiberglass or marlite tub surrounds or showers (i.e. Comet, Spic n Span, Mr. Clean, ect.)
5. Wash and clean walls and all painted woodwork with soapy water. DO NOT USE ABRASIVE CLEANERS.
6. Sweep and mop all floors as needed to keep them free from dirt and dust. Do not use abrasive cleaners like Comet, Spic n Span, Mr. Clean, ect.

If you have any questions about the above information, or would like any additional information about these HOUSEKEEPING STANDARDS please contact our office.

I have read and do understand the HOUSEKEEPING STANDARDS stated above.
